Jeopardy Download Instructions – Other Versions of PowerPoint

If you are using Windows Vista on a new computer with **PowerPoint 2007** or if you are using an older version of PowerPoint and you want to save this to your computer to play the game in a class, you will need to click the link for the Zip File and use the following instructions to download the game for it to play properly on any version of PowerPoint other than 2003:

1. Visit <http://pages.minot.k12.nd.us/votech/File/careerplanning.htm#clusters> and click the **Zip** file link found under the cluster you are focusing on.
2. You should see a File Download Pop-up window. Choose **Save File** and Click **ok**.
3. You should see a pop-up window with a download list of files. Close this window. Look for your zip file on your desktop. Click on the file to open it.
4. Next, click on the **Games Folder** shown in your pop-up. This should open the games zip file. You will find the Zip file to be full of files.
5. Find and click **pptview.exe**. (Hint: do not click directly on the PowerPoint you wish to view because it will not work properly at this point.)
6. You should now see a new pop-up window. Click **Extract all** in this box.
7. This opens another new pop-up that says “Welcome to the Compressed (zipped) Folders Extraction Wizard”. Click **Next**.
8. You should now see a new pop-up window. Browse and select a destination where you want to save your extracted folder, then click **Next**.
9. This opens yet another new pop-up window. Click **Finish**.
10. Find the new folder you saved and open it. Once open, find the link for **pptview.exe** and click it. (Hint: do not open your PowerPoint link at this time. It will not work properly without the viewer).
11. After clicking on pptview.exe, you should now see a new pop-up window. Click **Run**. You must accept the Licensing Agreement to view the PowerPoint using the 2003 Microsoft PowerPoint Viewer.
12. This opens a new window. Click the **PowerPoint Icon** in this window and click **Open**. The game should open and run properly using the PowerPoint 2003 viewer. This should work on any PC computer and on some Macs.
13. You may click the link for Game Rules to review the rules before you start the game. The game should run well with Smart Board Technology. It is beneficial to have your students review careers for the game by visiting:

<http://www.RUReadyND.com> or <http://online.onetcenter.org/> and click on your career cluster.
